- d. **Community Projects**
- i. **Career Workshop:** I initiated a career workshop with Senior Secondary Students of Lower Niger River Basin Development Authority School, basin, Ilorin on 14<sup>th</sup> May, 2025 in conjunction with the school management. I went with my team to deliver a lecture titled: Achieving your Life Goals. In attendance were the school management and Senior Secondary School (S.S. 2) Students. After the lecture, team members made their own contributions. Students had the opportunity to ask questions and answers were provided. The main reason for organizing this workshop was to sensitize the young people of the need to have goals in life and endeavour to achieve them. This is because of the time in which we are living, when many young ones are either not serious or confused about life. This workshop provided opportunity for interaction between our team, the school management and the students. The school management and the students attested to its impacts on the students and the staff in attendance. We provided biscuits, water and stationery to the students and staff in attendance (Certificate attached)
- ii. **Unity Conference:** I anchored a Two (2) days health and Unity Conference for the Christian Communities in Share and Tsaragi in November, 2021. It was in conjunction with the Christian Association of Nigeria (CAN), Share Branch. I went with a team of Church Leaders from Ilorin. I engaged the medical personnel from Share Community. Some tests and medical examinations were carried out on participants free of charge and drugs were freely given to them. Talks on Health and Unity were delivered during the Conference. The importance of good health and unity were stressed in a multi-ethnic society like Share/Tsaragi. One of the reasons for organizing this Conference is to encourage good relationship between members of both Communities who are always at war with one another from time to time. The Conference provided opportunity for interaction. Participants testified to its impacts in both Communities (See letter of Appreciation dated 9<sup>th</sup> November, 2021).
